ASP.Net MVC 5: Learn ASP.Net MTV 5 Programming Fast and Easy! (Paperback)

By Daniel Perkins

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. MVC 5 Learn MTV 5 Programming FAST and EASY! This book explores MVC 5. It begins by explaining what it is, how it is used and where it is used. The components of this MVC framework are also discussed in detail. The book explored the IDE (Integrated Development Environment) used for development in MVC 5, which is visual studio. On reading this book, you will understand how to set this IDE to be ready for programming in this language. You will also be guided on how to create a new application using this IDE. The book then discusses the components of the framework one at a time. It starts with the controller. You will be guided on how to add a controller to your web app in this programming language. The various parts of the code for this task are explored and you will learn to alter them to suit your needs. The next part of this book explores how to create a view, thus, you will learn how to create a view and then integrate it...
