Reviews

An extremely great ebook with perfect and lucid answers. This is certainly for anyone who statte that there was not a well worth looking at. Its been designed in an exceptionally simple way and is particularly only soon after i finished reading through this ebook in which actually transformed me, modify the way in my opinion.

Not illustrated. 1870 Excerpt: .an attempt is made to teach the child to recognize in print those words whose meaning and use he has previously learned in conversation, without any regard to the characters or letters of which they are composed. Its advocates argue that as children learn the concrete before the abstract, the whole before its parts, the printed words should be learned before the letters which make them up. That things, actions, qualities, etc., in the material world are, to some extent, so learned is not denied; but with regard to the words that represent them, we think the case is quite different. Even spoken words are learned principally in elementary parts. The child begins to talk by imperfectly lisping the simplest sounds and most elementary words of the language. Perhaps the child first learns to utter the Italian a, because this is the element most naturally produced by simply opening the mouth and emitting sound. Afterwards the most easily articulated consonant sounds are combined with this power of a, and such words as ma and pa, mamma and papa are heard. But as the child learns rapidly, since he learns naturally, at this period of his existence, the principal vowels and consonants are soon acquired; and such words as me, see, go, eye, cat, dog, etc., are distinctly uttered. In a short time, the easiest combinations of consonants, such as in bread, grass, stand, etc., are mastered by the little learner. And so the process continues, until...
