United Spectrum: The Unity of Nature and the Division of Man

Filesize: 8.86 MB

Reviews

The most effective publication i at any time go through. This is certainly for all those who statte that there had not been a worthy of looking at. Its been printed in an extremely straightforward way which is merely soon after i finished reading this publication where basically changed me, change the way in my opinion.

Trafford Publishing. Paperback. Book Condition: New. Paperback. 356 pages. Dimensions: 8.9in. x 5.9in. x 1.0in.To understand the unbalanced planet, we must examine nature and humanity both individually and as a whole. In United Spectrum, author Levi Morris explores the unity of nature and its relationship to human behaviors in six parts. Morris reviews the senses and their common interpretations, such as consciousness, ego, fear, doubt, belief, and biological needs and behaviors. He examines humanitys effects, including the continuation and escalation of war, a growth economy resting on fossil fuels, the abuse of surroundings, and overpopulation. He proposes that aspects of life considered to be humdrum can actually be instead fascinating. Additionally, his work combines fractal and Euclidean geometry with concepts like nothingness, infinity, and symmetry to show how nature is expressed. It explains the physics of electromagnetism, gravity, spacetime, and quantum mechanics as the singular beauty of nature. It also explores teaching, its limitations, and describes the relationship between life, death, duality, and unity. Capturing the essence of natural and human behaviors, United Spectrum investigates the universes unity and beauty, the reasons its misunderstood, and how this limited view affects the world. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
