This pdf may be really worth a read, and superior to other. It generally does not price too much. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Don t Let The Church Steal Your Family addresses issues of putting family first, positions last, the spirit of compromise and entertainment instead of ministry in the church. Many believers spend more time at revivals, choir concerts, church BBQ s, afternoon services, weekly meetings than with their families. In addition the result of exchanging family position for church positions has been devastating to the body of Christ. Divorce is on the rise in the church, children are rebellious, men and women have exchanged their roles in the family as the church continues to lower their standards of righteousness. Sinners no longer have a conviction of doing wrong in the church because the body of Christ has open many doors to demonic oppression. Yolanda C. Gilliam hopes to shed light about many controversial issues that have been swept under the carpet and placed in the dark closets of our churches.
