Dual-Currency Save Capitalism(volume 1)(Simplified Chinese Version)(Paperback)

By Guangyu Zhu

Createspace, United States, 2014. Paperback. Book Condition: New. 216 x 140 mm. Language: Chinese . Brand New Book ***** Print on Demand *****.Single-currency system is a fundamental default and constraint to the money economy and economics by now. It is a main core of current economic and political dilemma, and a collective unconscious for the evolution of our world.The book constructs a unified theory of value, currency, equilibrium and history. It satisfactorily explains the main economic and political issues of our world, and leads to the solutions. The book is divided into two parts and will be published separately. This is the first part including the contents as follows: 1. It explains the capitalism macroeconomic phenomenons by the simplest and clearest model -- currency circulation diagram, and deduces the dual-currency circulation of production-consumption, which removes the problems of capitalism. 2. It unveils the breakage between money demand and money supply, reveals the breakage generation process, explains what the profit is indeed, and clarifies that the currency issue should be Money is given directly to each economic agent, and increases in use and decreases in disuse. It also points out that current environmental affairs are independent value issues and currency issues....
