This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Brand New Book ***** Print on Demand *****.The NATO-Russian relations remain to be one of the major strands of global security in the twenty-first century. Given the more complex threats to global security today, the rising energy demand and dependency of Europe, and increasing foreign trade between the parties, Russia s relations with the West, as a major fossil-fuel exporter and nuclear country, have become increasingly important. The new security environment of post--September 11 has prepared a common ground for a closer partnership between old enemies. However, the attempts from both sides have been unable to move beyond a certain level of cooperation. This thesis presents an analysis as to the likelihood of a true NATO-Russia strategic partnership by exploring the perspectives of Russia and NATO, long standing obstacles and differences, and opportunities in the twenty-first century. It seeks to answer the broad question of whether it is possible for Russia and NATO to make a clean sweep of lingering legacies of deep-seated antagonism and distrust, move beyond cultural, religious, and historical differences, and lay the foundations of a healthy lasting partnership.
